Introduction

The exhibitors at this event are attending because they want to talk to you about their companies and what they offer in the way of opportunities, as well as to encourage good applicants to apply to them. This is an excellent opportunity for you to meet and talk to top recruiters.

Making the most of the event

Start by reading through all of the Fair Guide. Have in your mind some preliminary thoughts on which organisations you want to approach first, but then use the opportunity to explore further. Be open to new ideas. Consider asking the representatives about some or all of these issues:

- The nature of the work and its attractions
- Particular strengths of the firm
- Likely developments in the company's areas
- Selection criteria and methods of recruitment
- Training and development

We hope you enjoy the event and get as much out of it as you can.

Need some work experience?

Volunteering is a perfect way to get good work experience to impress employers with. The Volunteer Fair is taking place 11.00am to 2.00pm on September 29 in the JHBB Forum.

Prepare for the Fair

Open Conversation Starters

It can be daunting to be part of a networking event or careers fair, especially starting up a conversation, so here are a few ideas to get you started.

Training and development:

How will you be developed as a graduate?

Are there opportunities to gain further qualifications?

Their experiences:

What is it like to work for that organisation, and why did they choose this company/role?

What do they wish they had known when they were applying for jobs?

How did they reach their current role?

The industry and the business: Where can I find out more information?

What developments are arising within the industry?

Are they an SME or large corporation (99.8% of UK employers are SMEs)

Skills and attributes needed:

What key skills are they looking for?

What makes a candidate stand out?

Ask about the work:

What opportunities are available?

Tell me about the day-to-day activities.

Experience and applications: What sort of experience do you like graduates to have?

Do you offer any work experience/internship/placement opportunities?

What's the best way to apply? Any tips for the application process?

These employers have travelled to campus to speak to you. Take this opportunity to show your interest and convey a positive attitude.

By being courteous and friendly from the get-go; relaying your enthusiasm and being yourself throughout, you'll convey professionalism, positivity and confidence.
